BP105T.COMMUNICATION SKILLS (Theory) 30hours

Scope: This course will prepare the young pharmacy student to interact effectively with doctors, nurses, dentists, physiotherapists and other health workers. At the end of this course the student will get the soft skills set to work cohesively with the team as a team player and will add value to the pharmaceutical business.

Objectives:

Upon completion of the course the student shall be able to

1. Understand the behavioural needs for a pharmacist to function effectively in the areas of pharmaceutical operation
2. Communicate effectively (Verbal and Non-Verbal)
3. Effectively manage the team as a team player
4. Develop interview skills
5. Develop Leadership qualities and essentials

COURSE CONTENT

UNIT – I 07 Hours Communication Skills: Introduction, Definition, The Importance of Communication
The Communication Process – Source, Message, Encoding, Channel, Decoding, Receiver, Feedback, Context

Barriers to communication: Physiological Barriers, Physical Barriers, Cultural Barriers, Language Barriers, Gender Barriers, Interpersonal Barriers, Psychological Barriers, Emotional barriers.

Perspectives in Communication: Introduction, Visual Perception, Language, Other factors affecting our perspective - Past Experiences, Prejudices, Feelings, Environment

UNIT – II 07 Hours

Elements of Communication: Introduction, Face to Face Communication - Tone of

Voice, Body Language (Non-verbal communication), Verbal Communication, Physical Communication

Communication Styles: Introduction, The Communication Styles Matrix with example for each -Direct Communication Style, Spirited Communication Style, Systematic

c) Communication Style, Considerate Communication Style

UNIT – III 07 Hours

Basic Listening Skills: Introduction, Self-Awareness, Active Listening, Becoming an Active Listener, Listening in Difficult Situations

Effective Written Communication: Introduction, When and When Not to Use 47

Written Communication - Complexity of the Topic, Amount of Discussion' Required, Shades of Meaning, Formal Communication

Writing Effectively: Subject Lines, Put the Main Point First, Know Your Audience,

d) Organization of the Message

UNIT – IV 05 Hours

Interview Skills: Purpose of an interview, Do's and Dont's of an interview

Giving Presentations: Dealing with Fears, Planning your Presentation,

Structuring Your

iv. Presentation, Delivering Your Presentation, Techniques of Delivery

UNIT – V 04 Hours

Group Discussion: Introduction, Communication skills in group discussion,

Do's and

c) Dont's of group discussion.

BP205 T. COMPUTER APPLICATIONS IN PHARMACY (Theory) 30 Hrs

Scope: This subject deals with the introduction Database, Database Management system, computer application in clinical studies and use of databases.

Objectives: Upon completion of the course the student shall be able to

1. know the various types of application of computers in pharmacy
2. know the various types of databases
3. know the various applications of databases in pharmacy

COURSE CONTENT

UNIT – I 06 hours

Number system: Binary number system, Decimal number system, Octal number system, Hexadecimal number systems, conversion decimal to binary, binary to decimal, octal to binary etc, binary addition, binary subtraction – One's complement, Two's complement method, binary multiplication, binary division
Concept of Information Systems and Software : Information gathering, requirement and feasibility analysis, data flow diagrams, process specifications, input/output design, process life cycle, planning and managing the project

UNIT –II 06 hours

Web technologies: Introduction to HTML, XML, CSS and Programming languages, introduction to web servers and Server Products
Introduction to databases, MYSQL, MS ACCESS, Pharmacy Drug database

UNIT – III 06 hours

Application of computers in Pharmacy – Drug information storage and retrieval, Pharmacokinetics, Mathematical model in Drug design, Hospital and Clinical Pharmacy, Electronic Prescribing and discharge (EP) systems, barcode medicine identification and automated dispensing of drugs, mobile technology and adherence monitoring
Diagnostic System, Lab-diagnostic System, Patient Monitoring System, Pharma Information System

UNIT – IV 06 hours

Bioinformatics: Introduction, Objective of Bioinformatics, Bioinformatics Databases, Concept of Bioinformatics, Impact of Bioinformatics in Vaccine Discovery.

UNIT-V

06 hours

Computers as data analysis in Preclinical development: Chromatographic data analysis (CDS), Laboratory Information management System (LIMS) and Text Information Management System (TIMS)

BP 206 T. ENVIRONMENTAL SCIENCES (Theory) 30 hours

Scope: Environmental Sciences is the scientific study of the environmental system and the status of its inherent or induced changes on organisms. It includes not only the study of physical and biological characters of the environment but also the social and cultural factors and the impact of man on environment.

Objectives: Upon completion of the course the student shall be able to:

1. Create the awareness about environmental problems among learners.
2. Impart basic knowledge about the environment and its allied problems.
3. Develop an attitude of concern for the environment.
4. Motivate learner to participate in environment protection and environment improvement.
5. Acquire skills to help the concerned individuals in identifying and solving environmental problems.
6. Strive to attain harmony with Nature.

COURSE CONTENT

Unit-I 10hours

The Multidisciplinary nature of environmental studies Natural Resources Renewable and non-renewable resources: Natural resources and associated problems a) Forest resources; b) Water resources; c) Mineral resources; d) Food resources; e) Energy resources; f) Land resources: Role of an individual in conservation of natural resources

Unit-II 10hours Ecosystems

Concept of an ecosystem.

Structure and function of an ecosystem.

Introduction, types, characteristic features, structure and function of the ecosystems: Forest ecosystem; Grassland ecosystem; Desert ecosystem; Aquatic ecosystems (ponds, streams, lakes, rivers, oceans, estuaries)

Unit- III 10 hours

Environmental Pollution: Air pollution; Water pollution; Soil pollution

BP 502 T. Industrial Pharmacy I (Theory) 45 Hours

Scope:

Course enables the student to understand and appreciate the influence of pharmaceutical additives and various pharmaceutical dosage forms on the performance of the drug product.

Objectives:

Upon completion of the course the student shall be able to

1. illustrate various pharmaceutical dosage forms and their manufacturing techniques.
2. describe various factors to be considered in development of pharmaceutical dosage forms
3. Formulate solid, liquid and semisolid dosage forms and evaluate them for their quality

Course content: 3 hours/ week

UNIT-I 03 Hours

Preformulation Studies: Introduction to preformulation, goals and objectives, study of physicochemical characteristics of drug substances.

UNIT-II 14 Hours

Tablets:

a. Introduction, ideal characteristics of tablets, classification of tablets. Excipients, preformulation and Formulation of tablets, granulation methods, compression and processing

problems, Equipment and tablet tooling.

b. Tablet coating: Types of coating, coating materials, formulation of coating composition, methods of coating, equipment employed and defects in coating.

c. Quality control tests: In process and finished product tests

Liquid orals: Preformulation, Formulation and manufacturing consideration of syrups and elixirs suspensions and emulsions; Filling and packaging; evaluation of liquid orals official in

pharmacopoeia

UNIT-III 08 Hours

Capsules:

a. Hard gelatin capsules: Introduction, Production of hard gelatin capsule shells. Size of capsules, Filling, finishing and special techniques of formulation of hard gelatin capsules, manufacturing defects. In process and final product *quality control* tests for capsules.

b. Soft gelatin capsules: Nature of shell and capsule content, size of capsules, importance of base adsorption and minim/gram factors, production, in process and final product quality control tests. Packing, storage and stability testing of soft gelatin capsules and their applications.

Pellets: Introduction, formulation requirements, pelletization process, equipments for manufacture of pellets

UNIT-IV 10 Hours

Parenteral Products:

a. Definition, types, advantages and limitations. Preformulation factors and essential requirements, vehicles, additives, importance of isotonicity

b. Production procedure, production facilities and controls, aseptic processing

c. Formulation of injections, sterile powders, large volume parenterals and lyophilized products.

d. Containers and closures selection, filling and sealing of ampoules, vials and infusion fluids. Quality control tests of parenteral products.

Ophthalmic Preparations: Introduction,

formulation considerations; formulation of eye drops, eye ointments and eye lotions; methods of preparation; labeling, containers; evaluation of ophthalmic preparations

UNIT-V 10 Hours

Cosmetics: Formulation and preparation of the following cosmetic preparations: lipsticks, shampoos, cold cream and vanishing cream, tooth pastes, hair dyes and sunscreens. Pharmaceutical Aerosols: Definition, propellants, containers, valves, types of aerosol systems; preformulation, formulation and manufacture of aerosols; Evaluation of aerosols; Quality control and stability studies. Packaging Materials Science: Materials used for packaging of pharmaceutical products, factors influencing choice of containers, legal and official requirements for containers, stability aspects of packaging materials, quality control tests.

BP 505 T. PHARMACEUTICAL JURISPRUDENCE (Theory) 45 Hours

Scope:

This course is designed to impart basic knowledge on important legislations related to the profession of pharmacy in India.

Objectives: Upon completion of the course, the student shall be able to understand:

1. The Pharmaceutical legislations and their implications in the development and marketing of pharmaceuticals.
2. Various Indian pharmaceutical Acts and Laws
3. The regulatory authorities and agencies governing the manufacture and sale of pharmaceuticals
4. The code of ethics during the pharmaceutical practice

Course Content:

UNIT-I 10 Hours

Drugs and Cosmetics Act, 1940 and its rules 1945:

Objectives, Definitions, Legal definitions of schedules to the Act and Rules Import of drugs –

Classes of drugs and cosmetics prohibited from import, Import under license or permit. Offences and penalties. Manufacture of drugs – Prohibition of manufacture and sale of certain drugs, Conditions for grant of license and conditions of license for manufacture of drugs, Manufacture of drugs for test, examination and analysis, manufacture of new drug, loan license and repacking license.

UNIT-II 10 Hours

Drugs and Cosmetics Act, 1940 and its rules 1945.

Detailed study of Schedule G, H, M, N, P, T, U, V, X, Y, Part XII B, Sch F & DMR (OA) Sale of Drugs – Wholesale, Retail sale and restricted license. Offences and penalties Labeling & packing of drugs- General labeling requirements and specimen labels for drugs and cosmetics, List of permitted colors. Offences and penalties.

Administration of the Act and Rules – Drugs Technical Advisory Board, Central drugs Laboratory, Drugs Consultative Committee, Government drug analysts, licensing authorities, controlling authorities, Drugs Inspectors

UNIT-III 10 Hours

Pharmacy Act –1948: Objectives, Definitions, Pharmacy Council of India; its constitution and functions, Education Regulations, State and Joint state pharmacy councils; constitution and functions, Registration of Pharmacists, Offences and 122 Penalties

Medicinal and Toilet Preparation Act –1955: Objectives, Definitions, Licensing, Manufacture In bond and Outside bond, Export of alcoholic preparations, Manufacture of Ayurvedic, Homeopathic, Patent & Proprietary Preparations. Offences and Penalties. Narcotic Drugs and Psychotropic substances Act-1985 and Rules: Objectives, Definitions, Authorities and Officers, Constitution and Functions of narcotic & Psychotropic Consultative Committee, National Fund for Controlling the Drug Abuse, Prohibition, Control and Regulation, opium poppy cultivation and production of poppy straw, manufacture, sale and export of opium, Offences and Penalties

UNIT-IV 08 Hours

Study of Salient Features of Drugs and Magic Remedies Act and its rules: Objectives, Definitions, Prohibition of certain advertisements, Classes of Exempted advertisements,

Offences and Penalties

Prevention of Cruelty to animals Act-1960: Objectives, Definitions, Institutional Animal Ethics Committee, CPCSEA guidelines for Breeding and Stocking of Animals, Performance of Experiments, Transfer and acquisition of animals for experiment, Records, Power to suspend or revoke registration, Offences and Penalties

National Pharmaceutical Pricing Authority: Drugs Price Control Order (DPCO)- 2013.

Objectives, Definitions, Sale prices of bulk drugs, Retail price of formulations, Retail price and ceiling price of scheduled formulations, National List of Essential Medicines (NLEM)

UNIT-V 07 Hours

Pharmaceutical Legislations – A brief review, Introduction, Study of drugs enquiry committee, Health survey and development committee, Hathi committee and Mudaliar committee Code of Pharmaceutical ethics Definition, Pharmacist in relation to his job, trade, medical profession and his profession, Pharmacist's oath

Medical Termination of Pregnancy Act

Right to Information Act

Introduction to Intellectual Property Rights (IPR)

BP 606T PHARMACEUTICAL QUALITY ASSURANCE (Theory) 45 Hours

Scope:

This course deals with the various aspects of quality control and quality assurance aspects of pharmaceutical industries. It deals with the important aspects like cGMP, QC tests, documentation, quality certifications and regulatory affairs.

Objectives:

Upon completion of the course student shall be able to:

1. Understand the cGMP aspects in a pharmaceutical industry
2. Appreciate the importance of documentation

3. Understand the scope of quality certifications applicable to pharmaceutical industries

4. Understand the responsibilities of QA & QC departments

COURSE CONTENT

UNIT – I 10 Hours

Quality Assurance and Quality Management concepts: Definition and concept of Quality control, Quality assurance and GMP, Introduction to Regulatory agencies like CDSCO, USFDA, WHO, PIC/S. Total Quality Management (TQM): Definition, elements, philosophies ICH Guidelines: Brief overview of QSEM, ICH stability testing guidelines Quality by design (QbD): Definition, Overview, Elements of QbD program ISO 9000 & ISO14000: Overview, Benefits and Elements NABL accreditation : Principles and procedures

UNIT - II 10 Hours

Organization and personnel: Personnel responsibilities, training, hygiene and personal records. Premises: Design, construction and plant layout, maintenance, sanitation, environmental control, utilities and maintenance of sterile areas, control of contamination.

Equipments and raw materials: Equipment selection, purchase specifications, maintenance, purchase specifications and maintenance of stores for raw materials.

UNIT – III 10 Hours

Quality Control of Packaging material: Quality control test for containers, rubber closures and secondary packing materials. Good Laboratory Practices & Role of CPCSEA

UNIT – IV 08 Hours

Complaints: Complaints and evaluation of complaints, Handling of return good, recalling and waste disposal. Document maintenance in pharmaceutical industry in brief: Batch Formula Record, Master Formula Record, SOP, distribution records.

UNIT – V 07 Hours

Calibration and Validation: Introduction, definition and general principles of calibration, qualification and validation, importance and scope of validation, type of validation. General

principles of Analytical method Validation. Warehousing: Good warehousing practice, materials management

BP702T INDUSTRIAL PHARMACY -II (Theory)45 Hours

Scope:

This course is designed to impart fundamental knowledge on pharmaceutical product development and translation from laboratory to market.

Objectives: Upon completion of the course, the student shall be able to:

1. Know the process of pilot plant and scale up of pharmaceutical dosage forms
2. Understand the process of technology transfer from lab scale to commercial batch
3. Know different Laws and Acts that regulate pharmaceutical industry
4. Understand the approval process and regulatory requirements for drug products

Course Content:

UNIT-I 10 Hours

Pilot plant scale up techniques: General considerations - including significance of personnel requirements, space requirements, raw materials, Pilot plant scale up considerations for solids, liquid orals, semi solids and relevant documentation, SUPAC guidelines, Introduction to platform technology.

UNIT-II 10 Hours

Technology development and transfer: WHO guidelines for Technology Transfer (TT): Terminology, Technology transfer protocol, Quality risk management, Transfer from R & D to production (Process, packaging and cleaning), Granularity of TT Process (API, excipients, finished products, packaging materials) Documentation, Premises and equipments, qualification and validation, quality control, analytical method transfer, Approved regulatory bodies and agencies, Commercialization - practical aspects and problems (case studies), TT agencies in India - APCTD, NRDC, TIFAC, BCIL, TBSE / SIDBI; TT related documentation - confidentiality agreement, licensing, MoU's, legal issues

UNIT-III 10 Hours

Regulatory affairs: Introduction, Historical overview of Regulatory Affairs, Regulatory authorities, Role of Regulatory affairs department, Responsibility of Regulatory Affairs

Professionals Regulatory requirements for drug approval: Drug Development Teams, Non-Clinical Drug Development, Pharmacology, Drug Metabolism and Toxicology, General considerations of Investigational New Drug (IND) Application, Investigator's Brochure (IB) and New Drug Application (NDA), Clinical research / BE studies, Clinical Research Protocols, Biostatistics in Pharmaceutical Product Development, Data Presentation for FDA Submissions, Management of Clinical Studies.

UNIT-IV 07 Hours

Indian Regulatory Requirements:

Central Drug Standard Control Organization (CDSCO) and State Licensing Authority: Organization, Responsibilities, Certificate of Pharmaceutical Product (COPP), Regulatory requirements and approval procedures for New Drugs.

UNIT-V

08 Hours

Quality management systems: Quality management & Certifications: Concept of Quality, Total Quality Management, Quality by Design (QbD), Six Sigma concept, Out of Specifications (OOS), Change control, Introduction to ISO 9000 series of quality systems standards, ISO 14000, NABL, GLP

BP703T PHARMACY PRACTICE (Theory) 45 Hours

Scope:

In the changing scenario of pharmacy practice in India, for successful practice of Hospital Pharmacy, the students are required to learn various skills like drug distribution, drug information, and therapeutic drug monitoring for improved patient care. In community pharmacy, students will be learning various skills such as dispensing of drugs, responding to minor ailments by providing suitable safe medication, patient counseling for improved patient care in the community set up.

Objectives:

Upon completion of the course, the student shall be able to:

1. Know various drug distribution methods in a hospital
2. Appreciate the pharmacy stores management and inventory control
3. Monitor drug therapy of patient through medication chart review and clinical review.
4. Obtain medication history interview and counsel the patients
5. Identify drug related problems
6. Detect and assess adverse drug reactions
7. Interpret selected laboratory results (as monitoring parameters in therapeutics) of specific disease states
8. Know pharmaceutical care services
9. Do patient counseling in community pharmacy;
10. Appreciate the concept of rational drug therapy.

Course Content:

UNIT-I 10 Hours

Hospital and its organization Definition, Classification of hospital- Primary, Secondary and Tertiary hospitals, Classification based on clinical and non- clinical basis, Organization Structure of a Hospital, and Medical staffs involved in the hospital and their functions.

Hospital pharmacy and its organization Definition, functions of hospital pharmacy, Organization structure, Location, Layout and staff requirements, and Responsibilities and functions of hospital pharmacists. Adverse drug reaction Classifications - Excessive pharmacological effects, secondary pharmacological effects, idiosyncrasy, allergic drug reactions, genetically determined toxicity, toxicity following sudden withdrawal of drugs, Drug interaction- beneficial interactions, adverse interactions, and pharmacokinetic drug interactions, Methods for detecting drug interactions, spontaneous case reports and record linkage studies, and Adverse drug reaction reporting and management. Community Pharmacy Organization and structure of retail and wholesale drug store, types and design, Legal requirements for establishment and maintenance of a drug store, Dispensing of proprietary products, maintenance of records of retail and wholesale drug store.

UNIT-II 10 Hours

Drug distribution system in a hospital Dispensing of drugs to inpatients, types of drug distribution systems, charging policy and labelling, dispensing of drugs to ambulatory patients, and dispensing of controlled drugs. Hospital formulary Definition, contents of hospital formulary, Differentiation of hospital formulary and Drug list, preparation and revision, and addition and deletion of drug from hospital formulary. Therapeutic drug monitoring Need for Therapeutic Drug Monitoring, Factors to be considered during the Therapeutic Drug Monitoring, and Indian scenario for Therapeutic Drug Monitoring. Medication adherence Causes of medication non-adherence, pharmacist role in the medication adherence, and monitoring of patient medication adherence. Patient medication history interview Need for the patient medication history interview, medication interview forms. Community pharmacy management Financial, materials, staff, and infrastructure requirements.

UNIT-III 10 Hours

Pharmacy and therapeutic committee Organization, functions, Policies of the pharmacy and therapeutic committee in including drugs into formulary, inpatient and outpatient prescription, automatic stop order, and emergency drug list preparation. Drug information services Drug and Poison information centre, Sources of drug information, Computerized services, and storage and retrieval of information. Patient counselling Definition of patient counselling; steps involved in patient counselling, and Special cases that require the pharmacist Education and training program in the hospital

Role of pharmacist in the education and training program, Internal and external training program, Services to the nursing homes/clinics, Code of ethics for community pharmacy, and Role of pharmacist in the interdepartmental communication and community health education.

Prescribed medication order and communication skills

Prescribed medication order- interpretation and legal requirements, and Communication skills- communication with prescribers and patients.

UNIT-IV 08 Hours

Budget preparation and implementation Budget preparation and implementation

Clinical Pharmacy Introduction to Clinical Pharmacy, Concept of clinical pharmacy, functions and responsibilities of clinical pharmacist, Drug therapy monitoring - medication chart review, clinical review, pharmacist intervention, Ward round participation, Medication history and pharmaceutical care. Dosing pattern and drug therapy based on Pharmacokinetic & disease pattern. Over the counter (OTC) sales Introduction and sale of over the counter, and Rational use of common over the counter medications.

UNIT-V07 Hours

Drug store management and inventory control Organization of drug store, types of materials stocked and storage conditions, Purchase and inventory control: principles, purchase procedure, purchase order, procurement and stocking, Economic order quantity, Reorder quantity level, and Methods used for the analysis of the drug expenditure.

Investigational use of drugs

Description, principles involved, classification, control, identification, role of hospital pharmacist, advisory committee. Interpretation of Clinical Laboratory Tests Blood chemistry, hematology, and urinalysis.

BP706PS PRACTICE SCHOOL*150 Hours

In the VII semester, every candidate shall undergo practice school for a period of 150 hours evenly distributed throughout the semester. The student shall opt any one of the domains for practice school declared by the program committee from time to time.

At the end of the practice school, every student shall submit a printed report (in triplicate) on the practice school he/she attended (not more than 25 pages). Along with the exams of semester VII, the report submitted by the student, knowledge and skills acquired by the student through practice school shall be evaluated by the subject experts at college level and grade point shall be awarded

BP803ET PHARMACEUTICAL MARKETING (Theory) 45 Hours

Scope:

The pharmaceutical industry not only needs highly qualified researchers, chemists and, technical people, but also requires skilled managers who can take the industry forward by managing and taking the complex decisions which are imperative for the growth of the industry. The Knowledge and Know-how of marketing management groom the people for taking a challenging role in Sales and Product management.

Objective:

The course aims to provide an understanding of marketing concepts and techniques and their applications in the pharmaceutical industry.

Course Content:

UNIT-I 10 Hours

Marketing:

Definition, general concepts and scope of marketing; Distinction between marketing & selling; Marketing environment; Industry and competitive analysis; Analyzing consumer buying behaviour; industrial buying behaviour.

Pharmaceutical market:

Quantitative and qualitative aspects; size and composition of the market; demographic descriptions and socio-psychological characteristics of the consumer; market segmentation & targeting. Consumer profile; Motivation and prescribing habits of the physician; patients' choice of physician and retail pharmacist. Analyzing the Market; Role of market research.

UNIT-II 10 Hours

Product decision:

Classification, product line and product mix decisions, product life cycle, product portfolio analysis; product positioning; New product decisions; Product branding, packaging and labelling decisions, Product management in pharmaceutical industry.

UNIT-III 10 Hours

Promotion:

Methods, determinants of promotional mix, promotional budget: An overview of personal selling, advertising, direct mail, journals, sampling, retailing, medical exhibition, public relations, online promotional techniques for OTC Products.

UNIT-IV 08 Hours

Pharmaceutical marketing channels:

Designing channel, channel members, selecting the appropriate channel, conflict in channels, physical distribution management: Strategic importance, tasks in physical distribution management.

Professional sales representative (PSR):

Duties of PSR, purpose of detailing, selection and training, supervising, norms for customer calls, motivating, evaluating, compensation and future prospects of the PSR.

UNIT-V

07 Hours

Pricing:

Meaning, importance, objectives, determinants of price; pricing methods and strategies, issues in price management in pharmaceutical industry. An overview of DPCO (Drug Price Control Order) and NPPA (National Pharmaceutical Pricing Authority).

Emerging concepts in marketing:

Vertical & Horizontal Marketing; Rural Marketing; Consumerism; Industrial Marketing;
Global Marketing.

BP805ET PHARMACOVIGILANCE (Theory) 45 Hours

Scope:

This paper will provide an opportunity for the student to learn about development of pharmacovigilance as a science, basic terminologies used in pharmacovigilance, global scenario of Pharmacovigilance, train students on establishing pharmacovigilance programme in an organization, various methods that can be used to generate safety data and signal detection. This paper also develops the skills of classifying drugs, diseases and adverse drug reactions

Objective:

At completion of this paper, it is expected that students will be able to (know, do, and appreciate):

1. Understand importance of drug safety monitoring.
2. Explain History, development, National and international scenario of pharmacovigilance & comprehend dictionaries, coding and terminologies used in pharmacovigilance
3. Understand detection and assessment of new adverse drug reactions, Adverse drug reaction reporting systems and communication in pharmacovigilance, Pharmacovigilance Program of India (PvPI) requirement for ADR reporting in India ICH guidelines for ICSR, PSUR, expedited reporting. pharmacovigilance

planning. CIOMS requirements for ADR reporting

4. Comprehend methods of safety data during pre-clinical, clinical and post approval phases of drugs' life cycle.

5. Write case narratives of adverse events and their quality.

Course Content:

UNIT-I10 Hours

Introduction to Pharmacovigilance

History and development of Pharmacovigilance, Importance of safety monitoring of

Medicine, WHO international drug monitoring programme, Pharmacovigilance Program of India (PvPI)

Introduction to adverse drug reactions

Definitions and classification of ADRs, Detection and reporting, Methods in Causality

assessment, Severity and seriousness assessment, Predictability and preventability assessment, Management of adverse drug reactions

Basic terminologies used in pharmacovigilance

Terminologies of adverse medication related events, Regulatory terminologies

UNIT-II10 Hours

Drug and disease classification

Anatomical, therapeutic and chemical classification of drugs, International classification of diseases, Daily defined doses, International Nonproprietary Names for drugs

Drug dictionaries and coding in pharmacovigilance

WHO adverse reaction terminologies, MedDRA and Standardized MedDRA queries,

WHO drug dictionary, Eudravigilance medicinal product dictionary

Information resources in pharmacovigilance

Basic drug information resources, Specialized resources for ADRs

Establishing pharmacovigilance programme

Establishing in a hospital, Establishment & operation of drug safety department in industry, Contract Research Organizations (CROs), Establishing a national programme.

UNIT-III 10 Hours

Vaccine safety surveillance

Vaccine Pharmacovigilance, Vaccination failure, Adverse events following immunization

Pharmacovigilance methods

Passive surveillance – Spontaneous reports and case series, Stimulated reporting,

Active surveillance – Sentinel sites, drug event monitoring and registries, Comparative observational studies – Cross sectional study, case control study and cohort study,

Targeted clinical investigations

Communication in pharmacovigilance

Effective communication in Pharmacovigilance, Communication in Drug Safety Crisis management, Communicating with Regulatory Agencies, Business Partners, Healthcare facilities & Media

UNIT-IV 08 Hours

Safety data generation

Pre-clinical phase, Clinical phase, Post approval phase (PMS)

ICH Guidelines for Pharmacovigilance

Organization and objectives of ICH, Expedited reporting, Individual case safety reports,

BP813PW PROJECT WORK -

All the students shall undertake a project under the supervision of a teacher and submit a report. The area of the project shall directly relate any one of the elective subject opted by the student in semester VIII. The project shall be carried out in group not exceeding 5 in number. The project report shall be submitted in triplicate (typed & bound copy not less than 25 pages).

The internal and external examiner appointed for evaluation of the project shall be approved teachers of SPPU /Industrial Experts appointed by Principal of the respective institute.

Students shall be evaluated in groups for four hours (i.e., about half an hour for a group of five students). The projects shall be evaluated as per the criteria given below

Evaluation of Dissertation Book

Objective(s) of the work done 15 Marks

Methodology adopted 20 Marks

Results and Discussions 20 Marks

Conclusions and Outcomes 20 Marks

Total 75 Marks

Evaluation of Presentation:

Presentation of work 25 Marks

Communication skills 20 Marks

Question and answer skills 30 Marks

Total 75 Marks

Explanation:

The 75 marks assigned to the dissertation book shall be same for all the students in a group. However, the 75 marks assigned for presentation shall be awarded based on the performance of individual students in the given criteria

INSTITUTIONAL ACTIVITY REPORT

Date: 25/07/2021

Title of Activity:	Guest Lecture on “Advanced Analytical Techniques”
Name of Speaker and designation:	Dr. Jyoti Wagh Associate Professor in Pharmaceutical Chemistry
Date and Time:	11 th Feb 2022, 10:00 am onwards
Mode of conduct:	Offline
Objective	Provide the information regarding , <ul style="list-style-type: none">• To develop an understanding of the range and uses of analytical methods in chemistry.• To establish an appreciation of the role of chemistry in quantitative analysis.• To develop an understanding of the broad role of the chemist in measurement and problem solving for analytical tasks.
Coverage	Institute level
Beneficiaries	Students
No. of Participants	39
Expected Outcome	Students understood the concept of Advanced Analytical Techniques

Summary Report:

Dr. N.J. Paulbudhe College of pharmacy organized a guest lecture “Advanced Analytical Techniques” on 11th Feb 2022, 10:00 am onwards. Guest lecture started at 10.00am on offline mode in seminar hall by Dr. Jyoti Wagh she is Associate Professor in Pharmaceutical Chemistry has 8 year teaching experience. The session was co-ordinated by Ms. Anmal Pranali.

The focus of the lecture was on improving the “Advanced Analytical Techniques” of the students in order to prepare them for job interviews. Various parameters like basic introduction, body language, positive attitude, interactive skills and the level of confidence were taken care of by the speaker. Numbers of fun activities were conducted during the session to engage the students to achieve the objective of the lecture-“Advanced Analytical Techniques”. It was nice learning experience for both students and faculty members and they thoroughly enjoyed the session. As per the feedback received from the students it was very good learning experiences, the lecture helped them in their understanding the about entrepreneurship development.

INSTITUTIONAL ACTIVITY REPORT

Date: 28/02/2022

Title of Activity:	Guest Lecture on "National Science Day "
Name of Speaker and designation:	Prof. Dr. Ramesh L.Sawant Vice Principal ,Professor and Head of Department of Pharmaceutical Chemistry
Date and Time:	28 th Feb 2022, Monday, 10:00 am onwards
Mode of conduct:	Offline
Objective	Provide the information regarding innovation in Research and Patent
Coverage	Institute level
Beneficiaries	Students
No. of Participants	90
Expected Outcome	Students understood the concept of research and patent smartly.

Summary Report:

Dr. N J Paulbudhe College of pharmacy organized a guest lecture "National Science Day" on 28th Feb 2022, Monday. Guest lecture started at 10.00am by Prof.Dr. Ramesh L. Sawant. Sir delivered very beneficial information regarding innovation in research and patent. Student were very much motivated by the information and the experience shared by Sawant sir.

After the interaction the first session was complete. Then we move on toward an online inter college level e-poster competition organized on behalf of National Science Day. Number of students from different colleges had participated in this competition giving a good response. Different topics were giving for the presentation. And student performed very well the presentation were very innovation. Certificates were given to all the participant and Prize in cash was announced for the winners.

INSTITUTIONAL ACTIVITY REPORT

Date: 30/01/2022

Title of Activity:	Informative Lecture on "Sputnik Vaccine"
Name of Speaker and designation:	Ms. Swati Chavan (Executive in Enzene Biosciences, Pune.)
Date and Time:	30 th January 2022, Sunday, 10:00 am onwards
Mode of conduct:	Online
Objective	Provide the information regarding Vaccine and vaccination, It's importance and Preparation.
Coverage	Institute level
Beneficiaries	Students
No. of Participants	75
Expected Outcome	Students understood the concept of vaccine and vaccination , Its benefits and method of preparation.

Summary Report:

Dr. N J Paulbudhe College of pharmacy organized a informative lecture on "Sputnik vaccine" on 30th January 2022, Sunday. Informative lecture started at 10.00am on online mode in Google meet by Ms. Chavan swati who is Executive in Enzene Bioscience, Pune. The session was co-ordinated by Ms. Anmal Pranali. Swati mam delivered the oriented information regarding the Vaccine and Vaccination. What are the methods of preparation of Vaccine and its importance for the students. As it's covered the main point in their syllabus.

INSTITUTIONAL ACTIVITY REPORT

Date: 04/01/2022

Title of Activity:	A guest lecture on 'career in MBA Pharma and health care'
Name of Speaker and designation:	Dr. Dhananjay Deshpande (Associate professor, Lotus business School, Pune)
Date and Time:	4 th of January 2022 .10 AM Onward
Mode of conduct:	Offline-Auditorium Hall
Objective	To highlight on the career progression programme with opportunities and placements of the students in Pharma industry.
Coverage	Institute level
Beneficiaries	Students
No. of Participants	95
Expected Outcome	To educate the students regarding career opportunities after B. Pharmacy.

Summary report-

Dr. N J Paulbudhe College of pharmacy organized guest lecture on 4th January 2022 at auditorium hall. The aim of conducting guest lecture is to highlight on the career progression programme with opportunities and placements of the students in well

known companies with sound Packages. The programme was started with welcome speech of Prof. Chavan A.K. and the felicitation of guest speaker was done by Pro. Barwal Surekha mam. Dr. Dhanjay Deshpande sir gave valuable information regarding career guidance after B. Pharmacy and created awareness amongst the students. The presentation given by sir was really helpful for the future pharmacist.

Vote of thanks was given by Prof. Anuradha Chavan mam.

REPORT OF TEACHERS DAY 2021

Name of Event: Teachers Day Celebration

Date: 05/09/2021

Time: 12:00PM

Venue: Seminar Hall at Dr. N. J. Paulbudhe College of Pharmacy, Ahmednagar

Event Description:

Teachers' Day in India has always been a time to remember the contribution of teachers in our lives. The day, September 5, is an annual occasion filled with fervor when students write to their teachers and thank them for their support. The date marks the birth anniversary of Dr Sarvepalli Radhakrishnan, the first vice-president of India and the second president of the country. He was also an educator par excellence and highly regarded by his students.

Dr. N. J. Paulbudhe College of Pharmacy, Ahmednagar celebrates Teachers Day every year on 5th September in presence of our Principal Prof. Anuradha Chavan and all faculty members.

INDEPENDENCE DAY 2021**

Name of Event: Independence Day celebration

Date: 15/08/2021

Time: 07:30am

Venue: Dr. N. J. Paulbudhe College of Pharmacy, Ahmednagar

Event Description:

The **Independence Day of India**, this is celebrated religiously throughout the Country on the 15th of August every year. India's gaining of independence was a tryst with destiny, as the struggle for freedom was a long and tiresome one, witnessing the sacrifices of many freedom fighters, who laid down their lives on the line.

Dr. N. J. Paulbudhe College of Pharmacy, Ahmednagar celebrates Independence Day every year with compassion and zest. On 15th August 2021, the program was led by flag hosting and Chief Guest address followed by tea and snacks.

Institutional Activity Report

11-15 April 2021

Title of Activity	Zonal Centre programme in collaboration with IIT Kharagpur
Name of Speaker and Designation	Dr. Sudhakar Bangera & Dr. Karisetty Basappa
Date and Time	11-15 April 2021
Mode of Conduct	Offline
Objective	This Programme focuses on providing theory and practical-based learning in pharmacovigilance and Drug Regulatory Affairs. It assures the safety and efficacy of a wide range of medicines, in order to assist students in understanding the issues of a continuously changing global environment.
Coverage	Institute level
Beneficiaries	Students
No. of Participants	50
Expected outcome	It is a certified programme, which will be beneficial for the students seeking jobs as well as further studies. The participants will be aware of the basics with hands on softwares of Pharmacovigilance and Drug regulatory affairs.

Summary Report:

An Institute level Zonal Centre Programme was organized by Dr. N.J. Paulbudhe College of Pharmacy from 11-15th April 2021. The programme was in collaboration with IIT Kharagpur. It was 5days session, conducted by the experts Dr. Sudhakar Bangera and Dr. Karisetty Basappa. 50 students participated in this training programme, from which 5 were selected for training in PV for final session at IIT Kharagpur, on the basis of their performance in the test. The students were awarded with certificates and the winner with 50000 prize money. The programme was co-ordinated by HOD Barwal Surekha and Assist. Prof. Suryavanshi Roshani. The lecture started at 10.00 am in seminar hall, Dr. Bangera started the session by introducing students about the basic concepts of Pharmacovigilance. He interacted with the participants and answered the queries raised by them. The second session was conducted by Dr. Karisetty Basappa on Drug Regulatory Affairs. He elaborated the objectives of DRA for various applications in the healthcare field. He advised the students to gain knowledge in the respective field to open new areas of opportunities. Ms. Pranali Anmal, Assistant Professor, initiated the session by welcome speech. She briefly

INDUCTION PROGRAM 2022

The 'INDUCTION PROGRAM 2021-22' for newly admitted First Year B. Pharmacy students was conducted on 03/01/2022 in Seminar Hall of Dr. N. J. Paulbudhe college of Pharmacy, Ahmednagar. The Dignitaries present on the Dias were Dr. Rekharani Khurana, Campus Director, Prof. Anuradha Chavan, Principal Dr. N. J. Paulbudhe college of Pharmacy, Ahmednagar. The Program began with lighting ceremony followed by felicitation of chief guest and key note address by Prof. Anuradha Chavan Principal, interacted with the students and informed the students about objective of conducting the induction program and appealed students to participate proactively in all the curricular/co-curricular and extracurricular activities to ensure overall development in these four years of graduation. The college conducted online as well as offline induction for the batch of first year B. pharmacy.

Student Induction Programme engages with the new students as soon as they come into the institution; before regular classes start. At the start of the induction, the incumbents learn about the institutional policies, processes, practices, culture and values, and their mentor groups are formed. Purpose of Student Induction Programme is to help new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self-exploration.

REPORT OF

NATIONAL SCIENCE DAY 2022

Name of Event: National Science Day

Date: 28/02/2022

Time: 12:00pm

Venue: Dr. N. J. Paulbudhe college of Pharmacy, Ahmednagar Seminar Hall.

Event Description:

National Science Day is celebrated every year in India to mark the discovery of the Raman Effect. National Science Day is celebrated every year on February 28 in commemoration of the discovery of the 'Raman Effect' by the genius scientist Sir C.V. Raman.

Dr. Ramesh Sawant, Professor Vitthalrao Vikhe Patil College of Pharmacy, Ahmednagar was chief guest and speaker. The event was started by lamp lighting and worshipping Maa Saraswati

The keynote address was delivered by Dr. Ramesh Sawant. He emphasized the need to go beyond textbooks and imbibe the knowledge from all the spheres for the overall development of any pharmacist. He encouraged and motivated students to take up challenges and put efforts to achieve excellence in their life.

REPORT OF INTERNATIONAL WOMENS DAY 2022

Name of Event: International Womens Day

Date: 08/03/2022

Time: 12:00pm

Venue: Dr. N. J. Paulbudhe college of Pharmacy,Ahmednagar Seminar Hall.

Description of the Event:

The United Nation's theme for International Women's Day-2022 is "Gender equality today for a sustainable tomorrow" in recognition and celebration of the women and girls who are leading the charge on climate change adaptation and response and to honour their leadership and contribution towards a sustainable future. International Women's Day was celebrated at Dr. N. J. Paulbudhe College of Pharmacy, Ahmednagar on 8th March, 2022. The purpose of celebrating Women's Day was sensitization about "Gender equality and women's empowerment".

Mrs. Manisha Prabhakar Kelgendre, Advocate at High Court, Ahmednagar was the chief guest and speaker for was invited to deliver lecture and to conduct Interaction session. During her lecture she enlightened the students by quoting different laws and sections – 304B section for dowry (Varakatnam), 408 section etc., She also told about Lokadalat. She gave awareness about different laws protecting womens rights and also said that women are endowed with higher potentialities on par with men to undertake any fear. She felt happy to express her views by associating with the students and staff. She also presented prizes who win in competitions like Rangoli competitions.

Outcomes of the Activity: The girl students were found to be confident .They became aware about the laws in their favour. They knew the importance of good health. They knew the importance of self-respect. They became aware of the aspects of women empowerment. They knew the importance of personality development and employment.

REPORT OF ZONAL CENTER PROGRAM 2022

Name of Event: IIT Zonal Center Program

Date: 11/04/2022 to 15/04/2022

Time: 10:00am to 05:00pm

Venue: Dr. N. J. Paulbudhe college of Pharmacy Seminar Hall

Event Description:

Dr. N. J. Paulbudhe College of Pharmacy organized Zonal Center Program in Collaboration with IIT Kharagpur. The session was conducted on two topics for five days and for conducting the session experts Dr. Sudhakar Bangera and Dr. Karisetty Basappa were present. Total 50 students participated in this training program. from which 5 were selected for training in PV for final session at IIT Kharagpur, on the basis of their performance in the test. The students were awarded with certificates and the winner with 50000 prize money. The programme was co-ordinated by HOD Barwal Surekha and Assist. Prof. Suryavanshi Roshani. The lecture started at 10.00 am in seminar hall, Dr. Bangera started the session by introducing students about the basic concepts of Pharmacovigilance. He interacted with the participants and answered the queries raised by them.

Zonal Center Program

In Collaboration with IIT Kharagpur & Dr. N. J. Paulbudhe College of Pharmacy, Shaneshwar Nagar, Vasant Tekadi, Savedi, Ahmednagar, Maharashtra

Expert Talk

Dr. Karisetty Basappa

Dr. Sudhakar Hangera

Duration 30 Hours

Details

Topics : 1. Drug Regulatory Affairs
2. Pharmacovigilance
Charges : 3000 + 18% GST
Date : 11th to 15th April 2022
Time : 10.00 am to 5.00 pm
Program Coordinator s :
Prof. Chavan A.K. (Principal)
Prof. Barwal S.B.
(Faculty Coordinator) 9403028052
Prof. Suryavanshi R.U.
(Faculty Coordinator) 8975599499

Benefits:

- * Get industry-recognized certificate - MakeIntern & E-Cell IIT Kharagpur.
- Learn to upgrade Certification.
- * Internship assistance for participants.
- * Theory & practical hands on session.
- * 5 Merit students will join the final session @IIT campus
- * Winners will get the 50,000/- prize money.

INSTITUTIONAL ACTIVITY REPORT

Date: 02/10/2020

Title of Activity:	Celebration of "Gandhi jayanti"
Date and Time:	2 nd October 2020, Friday, 07:30 am onwards
Mode of conduct:	Offline
Objective	The day honours the "universal significance of the concept of nonviolence" with the goal to "secure a culture of peace, tolerance, understanding, and nonviolence." On Gandhi Jayanti, people recall his important contributions to India's liberation struggle and independence movement.
Coverage	Institute level
Beneficiaries	Students
No. of Participants	250
Expected Outcome	By celebrating this auspicious occasion, we remember such a great freedom fighter of India who brought independence for us without any violence. Though we can't give him anything, the best thing we can do for him now is to remember him and keep him in our memories. The celebration of Gandhi Jayanti is also a medium to inspire the young generation by telling them about the father of the nation.

INSTITUTIONAL ACTIVITY REPORT

Date: 08/03/2020

Title of Activity:	Celebration of "International women's day"
Name of Speaker and designation:	Prof. AmrutaRatnaparkhi Dr. N J Paulbudhe D.Ed. College. Ahmednagar
Date and Time:	08th March 2020,Tuesday, 11:30 am onwards
Mode of conduct:	Offline
Objective	International Women's Day is about women from all around the world. IWD is a day to celebrate activists on a global level, raising awareness of their work and the challenges they face. It's also a great opportunity to network and connect with people committed to gender equality.
Coverage	Institute level
Beneficiaries	Students
No. of Participants	459
Expected Outcome	This day is noteworthy because it honors women's accomplishments, promotes gender parity and gender equality, and raises money for numerous charities that support women.

INSTITUTIONAL ACTIVITY REPORT

Date: 19/02/2020

Title of Activity:	Celebration Of Birth Anniversary Of "Shree ChatrapatiShivajiMaharaj"
Date and Time:	19th Feb 2020, Wednesday, 10:30 am onwards
Mode of conduct:	Offline
Objective	<p>Celebrating his Jayanti is a way of paying tribute to his contributions to Indian history and culture.</p> <p>Promoting Cultural Unity: Shivaji Maharaj was a staunch defender of the Indian Sanatan faith and culture, but he was also known for his respect for other religions and his efforts to promote cultural harmony.</p>
Coverage	Institute level
Beneficiaries	Students
No. of Participants	459
Expected Outcome	Shivaji Maharaj was known for his courage and bravery. He was not afraid to take risks, and he faced his enemies head-on. He proved that courage and determination are important qualities to succeed in life.

Event: International Woman's Day

Keynote Speaker: Prof. Amruta Ratnaparkhi

No. of Participants: 120

About the Event: International woman's day is celebrated in many countries around the world. It is a day when women are recognized for their achievements without regard to divisions, whether national, ethnic, linguistic, cultural, economic or political. International Women's Day first emerged from the activities of labor movements at the turn of the twentieth century in North America and across Europe. Since those early years, International Women's Day has assumed a new global dimension for women in developed and developing countries alike. The growing international women's movement, which has been strengthened by four global United Nations women's conferences, has helped make the commemoration a

The keynote speaker: Prof. Amruta Ratnaparkhi mam gave a speech about woman's day also shared information about women's empowerment.

Event: Shiv Jayanti

No. of Participants: more than 210

About the Event: Shivaji Jayanti is celebrated on 19th February. Shivaji Jayanti or the birthday of Shivaji Maharaj is celebrated on a majestic scale in Maharashtra. Shivaji was born on 19th February, 1627. His parents Jijabai and Shahaji Bhonsle named him Shivaji after local Goddess Shivai. Shivaji was the creator of the Maratha nation. He was instrumental in uniting the Maratha chiefs of Mayal, Konkan and Desh regions. His military and civil administration was of greatest importance. He was successful in carving out a small kingdom by defeating the alien powers. Chatrapati Shivaji is a hero not only for the people of Maharashtra but for those of India as well.

On the occasion of Shivaji Jayanti several processions are taken out and people dress up like Shivaji and his associates. The birthday is celebrated on a huge

Shiv Jayanti was celebrated very enthuly at Dr. N. J Paulbudhe College of Pharmacy by arranging Dholpathak, lezim, powada and different Maharashtrian culture showcase.

Report of the event

Date: 18/01/2019

Event: Menstrual Hygiene Management & Awareness Programme

Keynote Speaker: Mr. Swapnil Shirsekar, Dr. Ashlesha Bhandarkar

No. of Participants: 105

About the Event: Dr. N. J Paulbudhe pharmacy college Ahmednagar ranged the seminar on the topic Woman's Hygiene (Truth and superstitions about menstrual period by V Swapnil Shirsekar (Marketing Manager at Setup Foundation, Wa Maharashtra, India), Dr. Ashlesha Bhandarkar (Program organizer), M. Kam Sir (Zonal Head of Step Up) Women are far more superior than men because they have that one power power to give birth to a new life At the same time I (Swapnil Shirsekar) understood that the phenomenon that offers this power to a woman is always given less attention. The phenomenon is no other than 'Blooded Menstruation'. I observed that it is the subject that is not talked about in public, or even in a family. Every woman, every family eagerly waits for the arrival of a new baby in their home, but unfortunately everybody feels awkward speaking about the power of menstruation. If this is the case in a city like suburbs, how horrible must be the situation in my own rural areas? Then I decided to come forward to work against this social untouched taboo.

The keynote speaker: Mr. Swapnil Shirsekar & Dr. Ashlesha Bhandarkar gave a speech about Managing & raising awareness about menstrual hygiene.

Event: Rajmata Jijau & Swami Vivekanand Birth Anniversary

Keynote Speaker: Dr. Khanage S.G.

No. of Participants: 35

About the Event: Rajmata Jijau, the mother of Shivaji, the Maratha king, was a feminist who believed in doing the right thing, no matter what the circumstances. Jijabai Bhosale, commonly (and fondly) known as Jijau or Rajmata Jijau (on 12th of January). Most of us know of her as the mother of Shivaji - The founder of Maratha Empire..I would rather like the world to know Jijau as- 'The Mother who nurtured her son to be Shivaji - the founder of Maratha empire. This is because Jijau's contribution in the making of Shivaji was enormous. We really owe the Hindavi. National Youth Day 2023 Date, Theme and History: National Youth Day in India is celebrated on January 12th to mark the birthday of Swami Vivekananda, who was a Hindu monk, philosopher, and one of the most influential spiritual leaders in India. He was born on January 12, 1863 and his teachings and philosophy have had a significant impact on the development of modern India.

Like every year National Youth day was celebrated on 12 Jan 2019 at Dr.N.J.Paulbudhe College of Pharmacy, Ahmednagar.

The keynote speaker: Dr. Khanage sir and Student gave a speech regarding Rajmata Jijau & Swami Vivekanand Birth Anniversary

Report of the event

Date: 03/01/2019

Event: Savitribai Phule Jayanti

Keynote Speaker: Dr. Khanage S.G.

No. of Participants: 25

About the Event: In 1851, Savitribai Phule founded three schools that taught over 150 girls. Most schools at that time were only meant for those from the upper castes but Savitribai Phule and her husband started schools for 'untouchables'. Poetry was her passion and Savitribai Phule wrote about the importance of education in her poems. As a social reformer, she was sensitive towards the needs of women and girls. Savitribai Phule was only nine when she was married to 13-year-old Jyoti rao Phule. However, her husband educated her and trained her to become a teacher. To honor the reformer for her undying efforts towards education, especially women and girls, the University of Pune was renamed Savitribai Phule University in 2014.

Dr. N. J. Paulbudhe Pharmacy College celebrated Savitribai Phule Jayanti on 3rd January 2019 by Pratima poojan in presence of Principal Dr. Khanage sir.

The keynote speaker: Dr. Khanage sir and Student gave a speech regarding Savitribai Phule Jayanti.

Report of the event

Date: 13 /08/2018

Event: Organ Donation Day

Keynote Speaker: Dr. Satish Ahire

No. of Participants: 120

About the Event: Organ Donation is the gift of an organ to a person who needs a transplant to improve his condition and health status. It is a procedure in which a health organ (donor) is taken from an individual who is either living or deceased and is transplanted into a person whose respective organ (recipient) is malfunctioning. The Organ Donation Day campaign, which is celebrated every year at August 13th, provides a great opportunity in everyone's life to come ahead and pledge to donate their precious organs.

Objective: 1) aware the people about the need of organ donation. 2) To distribute the messages of organ donation all over the country. 3) To remove the hesitations of the people about donating organs. 4) To say a grateful thanks to the donors of organs. 5) To motivate and encourage more people towards organ donation in their life.

The keynote speaker: Dr. Satish Ahire (District eye Donation Counselor and Transplant Coordinator) was invited as a guest. Dr. Ahire sir started his lecture regarding organ donation which proved very helpful in understanding the concept regarding the donation. He specially focused about Eye donation and how this is important.

Event: Lokmanya Tilak Death Anniversary

KeyNote Speaker: Dr.Khanage S.G

No. of Participants: 95

About the Event: Lokmanya Tilak felt that popularizing Indian festivals and celebrations as public fetes will aid in a national awakening against the British. He initiated the Ganeshotsav and Shivaji Utsav in 1894. It aimed to popularize his writings that were making roots in the intellectual class and transmit that consciousness to the other classes.

He died on 1 August 1920 in Mumbai. In tributes, Mahatma Gandhi referred to him as “the Maker of Modern India,” and Jawaharlal Nehru, India’s first prime minister, called him “the Father of the Indian Revolution.”

The keynote speaker: Dr. Khanage S.G., all staff and students gave speech regarding Lokmanya Tilak Death Anniversary.

Report of the event

Date: 21/06/2018

Event: International Yoga Day

Keynote Speaker: Dr. Khanage S.G

No. of Participants: 105

About the Event: International Yoga Day is celebrated annually on June 21st to spread awareness about the benefits of yoga and meditation worldwide. For the year 2023, the 9th year of International Yoga day, the theme "Yoga for Vasudaiva Kutumbakam" has been selected, highlighting the message of One Earth, One Family, and One Future.

Yoga is an ancient physical, mental and spiritual practice that originated in India. The word 'yoga' derives from Sanskrit and means to join or to unite, symbolizing the union of body and consciousness.

Today it is practiced in various forms around the world and continues to grow in popularity.

Recognizing its universal appeal, on 11 December 2014, the United Nations proclaimed 21 June as the International Day of Yoga by resolution 69/131.

The keynote speaker: Dr.Khanage S.G. sir gave speech regarding international yoga day. encourages the student to practice regular yoga to remain fit and improve concentration.

INSTITUTIONAL ACTIVITY REPORT

Date: 17th SEPT 2017

Title of Activity:	Organization of "Tree Plantation Programme"
Date and Time:	17 th SEPT 2017
Mode of conduct:	Offline
Objective	Tree plantation helps to address numerous environmental challenges such as deforestation, soil erosion, desertification in semi-arid areas and global warming, while also improving the beauty and harmony of the Environment.
Coverage	Institute level
Beneficiaries	Students
No. of Participants	63
Expected Outcome	Understanding the importance of the environment, the advantages of trees, and aesthetics of the area around the college are the goals of tree plantations. The planting of trees is a fantastic approach to promote students' interest in their community and help them reach their academic objectives.

Subject: - Regarding Permission for Industrial Visit.

Respected Sir/Mam,

With reference to above cited subject. We are reputed research organization conducting B. pharmacy course since 2017 under affiliation of Pune University. Our institute is approved and recognized by AICTE, Govt. of Maharashtra and PCI New Delhi.

On behalf of the Dr.N. J Paulbudhe college of Pharmacy, Ahmednagar. I take this privilege to seek your permission about the proposed visit to your industrial organization. The Final Year B.Pharm Students of B. Pharmacy of our college desire to visit Aclara Products Private Limited, Aurangabad.

The total Number of student would be 50 along with 06 faculty members on 6th July 2022 and remaining 50 students and 06 faculty members on 9th July 2022. We also request you to make available your expert staff for guidance about your plant and processes. This will help student to develop in future career and job prospects. We are sure that this will be a great opportunity for our institute to help young generation to learn about industrial sector wherein you are contributing in much worth to its credibility.

Kindly reply positively. College will be very thankful for the same.

Thanking you with anticipation.
